* Bestwood Veneer carries an Environmental Choice certification when pressed on 9mm MDF or thicker.

**Where it states 24mm board thickness, 2x12mm boards are glued together.

^Gaboon can be pressed on request at 2440x1220 where it is needed for an order using larger substrates

ECO: Eco Choice Aotearoa

E0/E1: Formaldehyde emission level

SE0: Super E0
